**NO NEW DEVELOPMENTS.**  
Messrs. Gaynor and Greene Enjoying Their Liberty in Quebec.  
Quebec, Aug. 15.—There are no new developments in the Gaynor-Greene case, although the general impression in this city is that the United States government will soon take some other proceedings in the matter. In the meantime both Messrs. Gaynor and Greene are enjoying their liberty by walking and driving around the city, where they will probably remain for some time to come, as they have no intention, whatever, of removing from here. While on their daily walks or drives they are closely followed by a Quebec detective, who always keeps them in view so that another attempt to kidnap them probably would fail.  
**LARGE VEIN OF NICKEL.**  
Important Discovery on a Farm Near Osceola, Wis.  
Osceola, Wis., Aug. 15.—Nicollette, which assays a goodly quantity of nickel, has been discovered on H. Holbert's Silverbrook farm, three and a half miles north of Osceola. This vein of nickel has been traced for half a mile, but the depth has not been explored.  
This is very important, as it is the first discovery of nickel this side of the lakes in this range.  
**Boy Arrested for Horse Stealing.**  
Loverna, Minn., Aug. 15.—Carl Swensen, eleven years old, was arrested by Sheriff Black during the evening on a charge of horse stealing. The boy stole a horse a week ago from Arin Carter, who recently adopted him, and showed great skill in eluding officers who were constantly on his track. After stealing the horse he traded it for a bicycle.

Another Important Town Falls Into the Hands of the Rebels, the Taking of Which is Regarded as a Signal Victory for Their Arms—Engagement Imminent on the Plains South of the Capital.  
Washington, Aug. 15.—According to information now in possession of the officials here, Castro is being hemmed in from three sides at Caracas. General Matos advanced from Bolivar to the northwest to a place called Ortuco, about sixty miles south of Caracas. Ten days ago Castro was reported as having left the capital with a force to meet the revolutionary general, but subsequently he changed his mind and returned. More recent advices indicated that a battle was imminent on the plains immediately south of Caracas. Early this week the revolutionists took Barcelona, to the eastward of Caracas, and now they have obtained control of Porto Cabello to the westward. The fact that the government had seized three of the steamers of the Orinoco company at San Felix is not a cause of concern here, as it is understood that these ships fly the Venezuelan flag and the right to impress ships for government use is well settled. No further steps have been taken toward sending additional ships to Venezuela and no fresh instructions have been sent to the commanders of the American warships there, as the reports received from them are considered satisfactory.

In official circles the control of Porto Cabello by the revolutionists is considered a signal victory for that party, as it is a place of considerable strategic importance. It is a town of about 10,000 people, situated on a spacious, deep and safe harbor, by means of which if necessary troops and supplies may be landed or dispatched to other places in the country. Porto Cabello is but a short sail from La Guaira, which is not far from the Venezuelan capital. A crisis in affairs at Porto Cabello, where the insurgents have been gathering strength, has existed for some time, and the day's news confirms the prediction that a battle would soon be fought there. The Topeka is looking after the interests of Americans in that section of the country, and Commander Nickels was given full authority to land a force if necessary, and also to prevent a bombardment without due notice. This action was authorized at the suggestion of Minister Bowen and closely followed a notice from the Germans that they intended taking similar steps for the protection of German interests.

**SITUATION IN COLOMBIA.**  
Government Expects to Soon Have a Large Army in the Field.  
Colon, Colombia, Aug. 15.—The government cruiser General Pinzon is under orders to go to Savanilla to bring reinforcements from there to the isthmus, but her sailing has been delayed owing to the fact that the cruiser's machinery is undergoing repairs. The government gunboat Cartagena, recently known at the Bashir, is expected here momentarily with the first detachment of government reinforcements from the interior. No information can be obtained, concerning the situation at Agua Dulce, as there is no communication with that point. There is no explanation of the non-return of the government gunboat Boyaca, which left Panama July 29 with about 300 men on board. Nothing has been heard of the vessel since her departure.  
The government expects shortly to have a large army on the isthmus to put in the field against the revolutionary general, Herrera.

**NEW YORK EDITOR ROBBED.**  
Thief Makes Way With All His Belongings at Butte, Mont.  
Butte, Mont., Aug. 15.—Bradford Merrill, managing editor of the New York World, who has been touring the West, was treated to a bit of experience in Butte when a thief robbed him of all his wearing apparel, including dress suit, all his changes of linen, patent leathers, silk underwear, jewelry and a stack of editorial notes he had taken on the trip. For the latter he says he would not have taken \$1,000. His other losses he estimates at \$500.  
Mr. Merrill was about to depart for the Yellowstone Park and a porter at his hotel deposited his dress suit case and heavy valise on the sidewalk for the cabman. A thief came along and made away with both. No one saw the theft and the police have little hope of recovering the valuables.

Captain Newman and Son Cross the Atlantic in a Small Launch.  
Falmouth, Eng., Aug. 15.—Captain Newman and his son Edward have arrived here in the 38-foot kerosene launch, Abiel Abbott Low, in which they sailed from New York July 9. In an interview with a representative of the Associated Press Captain Newman said:  
"The launch has proved herself a noble boat, but we have experienced awful times since we left New York. Several times, in terrible gales, we nearly lost our drag anchor owing to the gear chafing away. We voyaged 3,103 miles. We had great trouble with the kerosene because the tanks which held it broke and the oil flooded the cabin. My boy became ill and homesick. I suffered greatly from exposure and long sitting in one position. We spoke the American line steamer Kroonland Aug. 1 in mid-Atlantic. After this we encountered a series of most severe gales and the hardships were so great that I feared we would not survive. We did not speak another vessel until Aug. 13, when we met a fisherman ninety miles off the Scilly islands. Those last ninety miles were the longest I ever ran in my life. I would not hesitate, however, to try the voyage again.  
The voyagers rarely used the sail on the launch. Captain Newman lost thirty pounds in weight on the trip, but his son seems to have derived benefit from the experience.

Evreux, France, Aug. 15.—Mr. and Mrs. Charles Fair, Americans, who are related to Mrs. W. K. The chauffeur became insane as a consequence of the shock.  
Mr. and Mrs. Fair had been staying at Trouville during racing week. They had a very fast forty-five horsepower automobile which attracted considerable attention and with which they were highly pleased. Mr. Fair had been from Trouville to Paris and back again in one day on the machine.  
The bodies of Mr. and Mrs. Fair were taken to the Chateau d'Irissou du Mail.

San Francisco, Aug. 15.—Mr. and Mrs. Charles Fair left San Francisco in the latter part of May last for a trip to Europe. Charles Fair was the son of the late Senator Fair and was one of the heirs to the immense estates.  
It is peculiar that the son of the late John W. Mackay, one of Senator Fair's partners, was also killed near Paris a few years ago by being thrown from his horse.

Chicago, Aug. 15.—For the first time in history an exposition conducted entirely by negroes was opened at the First Regiment armory and will continue thirty days. To show that negroes are capable of better work than they are generally given to do there are on the floor of the exposition a postoffice and telegraph and express offices. Actual business is transacted by negroes at each of these places, mails, telegrams and express packages being delivered to officials and exhibitors of the show.

He was unaccompanied and his visit evidently was not known in advance to the citizens of the place, for no official of the town was at the depot to greet him. The president's trap was in waiting and the governor was driven directly to the president's home.

SEVERAL MEN WOUNDED  
Rioters Attempt to Storm the Barricade at a Washery and the Deputies Open Fire on Them—Twenty-five Officers Arrested for Rioting and Felonious Wounding—Some of the Machinery Wrecked by the Mob.  
Wilkesbarre, Pa., Aug. 15.—A riot occurred at the Warnke washery at Duryea during the day. Trouble had been brewing since early morning. Before 7 o'clock 500 men and boys collected about the place and threatened to interfere with those who wanted to go to work. Sheriff Jacobs had a number of deputies on the ground and they held the crowd back. The works were started up, but remained in operation only a short time. The crowd outside threw stones over the stockade at the deputies who were on guard within. Several times the deputies were tempted to fire. Rather than have any trouble work was suspended for the time being.  
The deputy sheriffs returned to Wilkesbarre at noon, reporting all quiet at the washery when they left. They had hardly reached Wilkesbarre, however, until the deputies on guard were attacked. Several men in the mob also attempted to climb over the barricades. The deputies warned them to go back and when they did not a volley was fired, but the most of the bullets went high into the air. Harry Collins was shot through the right leg. Andrew Marlack, a Lithuanian, received a flesh wound, and another foreigner had a narrow escape, a bullet passing through his coat. A colored man employed at the washery, thinking his life was in danger, escaped from the barricade and ran down the street. He was pursued by an angry crowd who cried, "Hang him, hang him." The man was finally run down, but before any harm could befall him a number of constables rescued him.  
Deputy sheriffs from Luzerne and Lackawanna counties went to the scene of the rioting, but when they arrived all was quiet, the mob having dispersed. An eye witness says the attack, the shooting and the retreat did not last more than five minutes.  
Warrants were sworn out before the burgess charging the deputies with rioting and felonious wounding. The constables went to the washery and placed twenty-five men under arrest. They were arraigned before Burgess Burlington and held in \$3,000 bail each. They could not furnish bail and were brought to the county jail here.  
The United Mine Workers say the shooting was uncalled for and the deputies alone are to blame. Vice President Rescavage, of the miners' union of the district No. 1, says the deputies were in an ugly mood all day.  
Sheriff Jacobs has arrived from Hazleton and at once went to Duryea, where he will spend the night. The operators of the washery, say they will not start up the works as some unknown persons wrecked some of the machinery during the excitement following the riot.

**GERMAN TOURIST MURDERED.**  
Lost His Way in the Mountains and Fell Among Thieves.  
London, Aug. 15.—The Geneva correspondent of the Daily Chronicle says he has discovered that the German tourist Muller, who was found dead under mysterious circumstances in the Tyrol recently, was the victim of a terrible tragedy. The correspondent says Muller was in the mountains alone and lost his road in a fog. He was attracted by the light of a fire which it is supposed had been lit by murderers to aid them in trapping tourists. The German approached the fire and was attacked and killed. A considerable sum of money was stolen from his person and the body was thrown into the fire. It was found afterwards, partly burned. No trace of the murderers has been discovered.  
**Whistler at West Point.**  
Among the famous men who were for a brief term cadets at West Point were Edgar A. Poe, the poet; Matt H. Carpenter, the eminent lawyer and statesman of Wisconsin, and James MacNeill Whistler, the celebrated painter. Whistler remained three years at the academy. The Army and Navy Journal gives the following curious story why he did not pass his examination:  
"The subject given him in chemistry to discuss before the academic board was 'silica,' which constitutes 8 per cent of the solid matter of our earth. Whistler, it was said, in perfect innocence of the subject, but with his characteristically charming manner, described silica as an 'elastic gas,' or a 'saponifiable fat.' The young ladies in the audience smiled approval, but the stern academic board dispensed with Whistler's further valuable services at the Military academy."

**Fifth Century Authors.**  
Herophilus, one of the Alexandrian school, wrote a treatise on the practice of medicine, on obstetrics, on the eye and on the pulse, which he correctly referred to the movements of the heart. He was aware of the existence of the lacteals and of their anatomical relations to the mesenteric glands. Erasistratus—his colleague and a pupil of Theophrastus and Chrysippus—was aware of the nature of the heart and its connection with the veins and arteries, but he fell into the error that the veins were for the conveyance of air and the arteries for that of blood. Otherwise he anticipated Harvey's great discovery. He knew also that there were two kinds of nerves—those of motion and those of sensation.  
**The Flag at Half Mast.**  
The custom of showing the flag at half mast originated from the way at sea of showing the pre-eminence one ship had over the other in time of warfare. The vanquished always had to lower its flag, while the victor's would be raised as high as possible in exultation. To lower a flag is an act of submission or betokens respect to a superior or is a signal of distress. The hoisting of a flag half mast high came to be used, therefore, as a sign of mourning and respect.

The young ladies in the audience smiled approval, but the stern academic board dispensed with Whistler's further valuable services at the Military academy."

### Fifth Century Authors.

Herophilus, one of the Alexandrian school, wrote a treatise on the practice of medicine, on obstetrics, on the eye and on the pulse, which he correctly referred to the movements of the heart. He was aware of the existence of the lacteals and of their anatomical relations to the mesenteric glands. Erasistratus—his colleague and a pupil of Theophrastus and Chrysippus—was aware of the nature of the heart and its connection with the veins and arteries, but he fell into the error that the veins were for the conveyance of air and the arteries for that of blood. Otherwise he anticipated Harvey's great discovery. He knew also that there were two kinds of nerves—those of motion and those of sensation.

### The Flag at Half Mast.

The custom of showing the flag at half mast originated from the way at sea of showing the pre-eminence one ship had over the other in time of warfare. The vanquished always had to lower its flag, while the victor's would be raised as high as possible in exultation. To lower a flag is an act of submission or betokens respect to a superior or is a signal of distress. The hoisting of a flag half mast high came to be used, therefore, as a sign of mourning and respect.

### Quite Romantic.

Miss Gaygirl—Did you say you have lived in New Mexico all your life?  
Mrs. Hanson—Yes.  
Miss G.—And been married five times?  
Mrs. H.—Yes.  
Miss G.—Ever divorced?  
Mrs. H.—No; husbands all shot.  
Miss G. (gushingly)—How romantic!

### NO NEW DEVELOPMENTS.

Messrs. Gaynor and Greene Enjoying Their Liberty in Quebec.

Quebec, Aug. 15.—There are no new developments in the Gaynor-Greene case, although the general impression in this city is that the United States government will soon take some other proceedings in the matter. In the meantime both Messrs. Gaynor and Greene are enjoying their liberty by walking and driving around the city, where they will probably remain for some time to come, as they have no intention, whatever, of removing from here. While on their daily walks or drives they are closely followed by a Quebec detective, who always keeps them in view so that another attempt to kidnap them probably would fail.

### LARGE VEIN OF NICKEL.

Important Discovery on a Farm Near Osceola, Wis.

Osceola, Wis., Aug. 15.—Nicollette, which assays a goodly quantity of nickel, has been discovered on H. Holbert's Silverbrook farm, three and a half miles north of Osceola. This vein of niccolite has been traced for half a mile, but the depth has not been explored.

This is very important, as it is the first discovery of nickel this side of the lakes in this range.

### Boy Arrested for Horse Stealing.

Laverne, Minn., Aug. 15.—Carl Swensen, eleven years old, was arrested by Sheriff Black during the evening on a charge of horse stealing. The boy stole a horse a week ago from Arm Carter, who recently adopted him, and showed great skill in eluding officers who were constantly on his track. After stealing the horse he traded it for a bicycle.

## Reduction in Rates.

The meeting of Northwestern and transcontinental lines, held at the Great Northern building to discuss the proposed reduction in grain rates, resulted in a partial agreement which may be fully concluded within a few days.

Within a week it is expected the lines interested will announce the exact reductions. Some of the reductions in rates will amount to 1½ and 2 cents per hundred pounds. As the rate to Minnesota terminals is 14 cents, that means a reduction ranging from 14 to 18 per cent. It would make the through rate to Chicago 19½ cents instead of 21½ cents. Railroad officials are quiet as to the aggregate amount of cash which will be "saved to the farmers."

It is a simple calculation, however, that a reduction of ½ cent a bushel on a crop of 150,000,000 bushels of wheat in the three states, a total of \$750,000 would be saved, while the totals on all grains is expected to be \$1,250,000.

The proposed reductions will go into effect prior to the movement of the present crop.

## For Sale.

## Rural Free Delivery.

One of the most interesting features of modern progress is the development of the rural free delivery system, as carried out under the administration of Mr. A. W. Machen, the superintendent. Already free delivery has been established and is in operation over 252,000 square miles of territory, serving something over 6,000,000 people, and the movement, as yet in its infancy, will be continued until every part of the United States is in the enjoyment of this branch of the postal service.

In order to facilitate matters, those in charge of the system have found it necessary to engage in the work of making maps of the areas in which the service has been established, which differ from all other maps manufactured by the United States government. They give in addition to the usual features laid down on maps, every house, store, church, road, box, hall, postoffice, postal station and factory within the area covered by the service. These maps are made in the rural free delivery division of the postoffice department from plats, surveys, records, maps, etc., obtained through the rural delivery agents from officials of the counties in which the service is established, and from which it is possible to secure absolutely correct data along the various highways.

What is still more striking and remarkable is the fact that these maps are made with very little trouble and cost. They are first of all platted from the data obtained from county assessors, clerks, registers of deeds, records, etc., from which a tracing is obtained. Then from this tracing a large number, several thousand, in fact, of what are known as "brown sun prints" are taken. The brown sun print is a somewhat new feature of map-making, and is as perfect and durable as the best steel engraved map or lithographic plate.

## THE RECEPTION TONIGHT.

Old Friends of Rev. G. W. Gallagher Will Meet Him Tonight at a Reception at Masonic Hall.

A reception will be given in Masonic hall this evening in honor of Rev. G. W. Gallagher who arrived in the city this afternoon from Lockport, N. Y., by the Masons and K. ## The Author's Power.

Everybody knows that in a novel a commonplace person may be made interesting by a deliberate, patient exposition of his various traits precisely as we can learn to like very uninteresting persons in real life if circumstances place them day after day at our elbows. Who of us would not grow impatient with the early chapters of "The Newcomes," for instance, or "The Antiquary" if it were not for our faith that Thackeray and Scott know their business and that every one of these commonplace people will contribute something in the end to the total effect? And even where the gradual development of character rather than the mere portrayal of character is the theme of a novelist, as so frequent with George Eliot, how colorless may be the personality at the outset, how narrow the range of thought and experience portrayed! Yet in George Eliot's own words "these commonplace people have a conscience and have felt the sublime promptings to do the painful right." They take on dignity from their moral struggle, whether the struggle ends in victory or defeat. By an infinite number of subtle touches they are made to grow and change before our eyes like living, fascinating things.—Atlantic.

A man fifty years old has walked 12,000 miles, eaten nine and a half tons of meat and fish and eggs and vegetables, and drunk 7,000 gallons of fluid.

## ST. PAUL IN THE LEAD.

May Secure Next Convention of Philippine Veterans.

Council Bluffs, Ia., Aug. 15.—An important step was taken at the business session of the Society of the Army of the Philippines during the day in the entire revision of the constitution and bylaws. Although the former constitution requires sixty days notice and certain other preparations before a change can be made, it was explained that new conditions required immediate action. The membership was extended to include those who served in the Philippines before July 1, 1902, the date of President Roosevelt's proclamation, instead of July 4, 1901, as previously limited. Provisions are added for the organization of state societies and local camps; fixing the annual dues of each member at \$1, of which 50 cents it to be paid by the local camp to the state society and 25 cents per capita by the state society to the national organization; past presidents of the national society are entitled to participate in business sessions of the annual reunion. The provision that the six vice presidents shall be divided equally between the volunteer, regular and state establishments, was changed to read "as nearly as possible." One secretary takes the place of corresponding and recording secretaries.

Another provision was added by which sons of active members may be admitted to active membership, thus perpetuating the organization.

St. Paul appears to have a free road to the securing of the next reunion.

The feature of the second day of the reunion of the Society of the Army of the Philippines was the military parade. It was headed by Governors Cummins and Savage and their staffs, and participated in by the regular army troops from Fort Crook, the Nebraska and Iowa national guard, high school cadets from this city and Omaha and the veterans of the Philippine war. The marchers were reviewed by the two governors and Generals Hale and King.

It is estimated that 20,000 people witnessed the parade, which was an imposing military affair.

At night a sham battle and various military maneuvers were carried out in the presence of 25,000 spectators who, just at the close of the programme, were stampeded by a wild thunder storm. During the crush Major Matt of the Fifty-first Iowa, was kicked in the stomach and painfully but not seriously injured.

## PYTHIANS ELECT OFFICERS.

Tracey R. Bangs of Grand Forks, N. D., Chosen Supreme Chancellor.

San Francisco, Aug. 15.—The supreme lodge of the Knights of Pythias will hold its next biennial session in Louisville in 1904. The Kentucky delegates made a strong fight against St. Louis, the only other candidate for the convention honors, and won by about two to one. The election of the supreme officers occupied the greater part of the morning and afternoon session.

Tracey R. Bangs of Grand Forks, N. D., for the past two years supreme vice chancellor of the Knights of Pythias, was exalted to the supreme chancellorship by the unanimous vote of the supreme lodge. He was nominated by Ogden H. Fethers, the retiring supreme chancellor. Charles E. Schrievley of Indiana was elected supreme vice chancellor. Up to the time of election Charles A. Barnes of Illinois was a strong candidate for the place, but at the last moment he refused to accept the nomination.

The surprise of the election came when Supreme Representative George E. Church of California was elected supreme prelate over the incumbent, C. F. Easley of New Mexico, and William Simmons of Delaware.

For supreme master of arms, L. F. Carnsworth was the choice of the convention. R. L. C. White was re-elected supreme keeper of records and seals, as was also Thomas Demorest to the chair of supreme master of the exchequer.

The twenty-six years of faithful service of John W. Thompson of Washington, D. C., as outside guard, was rewarded by re-election.

## STREET FAIRS PROHIBITED.

Grand Lodge of Elks Overwhelmingly Votes to Abolish Them.

Salt Lake, Aug. 15.—Street fairs or carnivals held under the auspices of the Elks' lodges were absolutely prohibited by the grand lodge of the order during the day. For some time opposition to this method of raising funds has been growing, it being considered that they were not in accord with the fundamental principles of the order, and the report of the committee on laws and rules recommending that they be prohibited was adopted overwhelmingly. The new law will not go into effect until Jan. 1, as many lodges in different parts of the country have already made plans for the holding of such fairs before that date.

The grand lodge of Elks took sine die adjournment, after fixing the date of the 1903 reunion at Baltimore for Thursday, July 21. The newly elected grand lodge officers were installed with all the solemn ceremony of the order and much other important work accomplished, including the adoption of the report of the Elks' national home committee, locating a home for aged and indigent Elks at Bedford City, Va. The home committee recommends that the grand lodge make a change in the organic law of the order making it compulsory upon applicants for membership to procure a physician's certificate of freedom from disease before being admitted.

## Boone River Out of Its Banks.

## The Author's Power.

Everybody knows that in a novel a commonplace person may be made interesting by a deliberate, patient exposition of his various traits precisely as we can learn to like very uninteresting persons in real life if circumstances place them day after day at our elbows. Who of us would not grow impatient with the early chapters of "The Newcomes," for instance, or "The Antiquary" if it were not for our faith that Thackeray and Scott know their business and that every one of these commonplace people will contribute something in the end to the total effect? And even where the gradual development of character rather than the mere portrayal of character is the theme of a novelist, as so frequent with George Eliot, how colorless may be the personality at the outset, how narrow the range of thought and experience portrayed! Yet in George Eliot's own words "these commonplace people have a conscience and have felt the sublime promptings to do the painful right." They take on dignity from their moral struggle, whether the struggle ends in victory or defeat. By an infinite number of subtle touches they are made to grow and change before our eyes like living, fascinating things.—Atlantic.

## ST. PAUL IN THE LEAD.

May Secure Next Convention of Philippine Veterans.

Council Bluffs, Ia., Aug. 15.—An important step was taken at the business session of the Society of the Army of the Philippines during the day in the entire revision of the constitution and bylaws. Although the former constitution requires sixty days notice and certain other preparations before a change can be made, it was explained that new conditions required immediate action. The membership was extended to include those who served in the Philippines before July 1, 1902, the date of President Roosevelt's proclamation, instead of July 4, 1901, as previously limited. Provisions are added for the organization of state societies and local camps; fixing the annual dues of each member at \$1, of which 50 cents it to be paid by the local camp to the state society and 25 cents per capita by the state society to the national organization; past presidents of the national society are entitled to participate in business sessions of the annual reunion. The provision that the six vice presidents shall be divided equally between the volunteer, regular and state establishments, was changed to read "as nearly as possible." One secretary takes the place of corresponding and recording secretaries.

Another provision was added by which sons of active members may be admitted to active membership, thus perpetuating the organization.

St. Paul appears to have a free road to the securing of the next reunion. The feature of the second day of the reunion of the Society of the Army of the Philippines was the military parade. It was headed by Governors Cummins and Savage and their staffs, and participated in by the regular army troops from Fort Crook, the Nebraska and Iowa national guard, high school cadets from this city and Omaha and the veterans of the Philippine war. The marchers were reviewed by the two governors and Generals Hale and King.

It is estimated that 20,000 people witnessed the parade, which was an imposing military affair. At night a sham battle and various military maneuvers were carried out in the presence of 25,000 spectators who, just at the close of the programme, were stampeded by a wild thunder storm. During the crush Major Matt of the Fifty-first Iowa, was kicked in the stomach and painfully but not seriously injured.

## PYTHIANS ELECT OFFICERS.

Tracey R. Bangs of Grand Forks, N. D., Chosen Supreme Chancellor.

San Francisco, Aug. 15.—The supreme lodge of the Knights of Pythias will hold its next biennial session in Louisville in 1904. The Kentucky delegates made a strong fight against St. Louis, the only other candidate for the convention honors, and won by about two to one. The election of the supreme officers occupied the greater part of the morning and afternoon session.

Tracey R. Bangs of Grand Forks, N. D., for the past two years supreme vice chancellor of the Knights of Pythias, was exalted to the supreme chancellorship by the unanimous vote of the supreme lodge. He was nominated by Ogden H. Fethers, the retiring supreme chancellor. Charles E. Schrievley of Indiana was elected supreme vice chancellor. Up to the time of election Charles A. Barnes of Illinois was a strong candidate for the place, but at the last moment he refused to accept the nomination. The surprise of the election came when Supreme Representative George E. Church of California was elected supreme prelate over the incumbent, C. F. Easley of New Mexico, and William Simmons of Delaware.

For supreme master of arms, L. F. Carnsworth was the choice of the convention. R. L. C. White was re-elected supreme keeper of records and seals, as was also Thomas Demorest to the chair of supreme master of the exchequer.

The twenty-six years of faithful service of John W. Thompson of Washington, D. C., as outside guard, was rewarded by re-election.

## STREET FAIRS PROHIBITED.

Grand Lodge of Elks Overwhelmingly Votes to Abolish Them.

Salt Lake, Aug. 15.—Street fairs or carnivals held under the auspices of the Elks' lodges were absolutely prohibited by the grand lodge of the order during the day. For some time opposition to this method of raising funds has been growing, it being considered that they were not in accord with the fundamental principles of the order, and the report of the committee on laws and rules recommending that they be prohibited was adopted overwhelmingly. The new law will not go into effect until Jan. 1 as many lodges in different parts of the country have already made plans for the holding of such fairs before that date.

The grand lodge of Elks took sine die adjournment, after fixing the date of the 1903 reunion at Baltimore for Thursday, July 21. The newly elected grand lodge officers were installed with all the solemn ceremony of the order and much other important work accomplished, including the adoption of the report of the Elks' national home committee, locating a home for aged and indigent Elks at Bedford City, Va. The home committee recommends that the grand lodge make a change in the organic law of the order making it compulsory upon applicants for membership to procure a physician's certificate of freedom from disease before being admitted.

## Boone River Out of Its Banks.

Webster City, Ia., Aug. 15.—Terrific rain north of this city raised the Boone river at this point five feet. It is over its banks and the lowlands are again under water. Families on the east side are being compelled to move out because of high water.

## MAYOR'S ORDER IS EFFECTIVE TODAY

Houses of Ill Fame Must Go and  
Every One will be  
Closed Tonight.

SOME HAVE ALREADY LEFT.

Others will Erect Houses on the  
Point Near the River  
At Once.

The order of Mayor A. J. Halsted made last May, giving the demimondes of the tenderloin district until September 15 to move from their locations on Third street, is effective today.

At first the occupants of the houses there seemed to take the matter more as a josh than anything else but after feeling around for awhile they found that the city's executive meant business and that they must move. He gave them three months in which to pick up their belongings and get locations and most of the women took time by the forelock and have moved. There have been but two houses running for some time and these will be closed tonight.

While the mayor's order did not relate in any way to the location that the woman were supposed to go to, it has been generally understood that they would not be molested if they would take up their abode on what is known as the point along the Mississippi river beyond the ball park. One house has already been built there and will be occupied by Fay Lawrence. Many of the women have moved out of the city.

This part of the city has not been without houses of this nature since Brainerd's early history and it is conceded that it is a step in the right direction. It will improve property in that vicinity and more buildings will go up, and from now on it is

stated that no license will be used in the handling of this class of people in the city, either male or female.

### How Stevens was Shot.

The following account of the shooting of Fred Stevens the Northern Pacific brakeman, is taken from the Fargo Morning Call:

"Early yesterday morning when the east bound passenger train was at Bismarck, Brakeman Stevens forced four white men and a colored man to leave the train, as they were beating their way. Mr. Stevens was standing beside the train when the negro, who was greatly enraged shot at him with a 44 caliber revolver, the ball passing through his left wrist and into his hip. The bones of both wrist and hip are shattered. The four white men were captured, but the colored man made his escape in the darkness, and when Conductor Neal passed through Bismarck late yesterday afternoon, had not yet been captured, though a sheriff's posse had been ranging the surrounding country all day in an attempt to locate him.

"Mr. Stevens was given temporary surgical attention by a surgeon at Bismarck and was brought along to Fargo, where he was again attended to by Dr. Wear. It was decided that the better place for him would be at the company's hospital in Brainerd and he was taken along on the same train that he was brought in on. The wounds are considered very serious and a report was received late yesterday afternoon that he had not stood the trip very well.

"Mr. Stevens resides in this city 170 Twelfth street north and he has been employed in the railway service for ten years or more. He is a careful and courageous man and has many friends along the route who will be pained to learn of his misfortune. Mrs. Stevens and the children were visiting relatives at Laramore and she was wired at once of the shooting. She started at once for the bedside of her husband."

## AN ELABORATE CHURCH WEDDING

Miss Hester Elizabeth Whiteley  
Becomes the Wife of Mr.  
Louis Yager.

WEDDING IS LARGELY ATTENDED

The McMullin--Carolyn Nuptial  
Event Celebrated Last Night.  
Rev. Lynch Officiating.

Last evening society turned out in large numbers on the event of the marriage of Miss Hester Elizabeth Whiteley to Mr. Louis Yager at the First Congregational church.

Promptly at 8:30 o'clock Mrs. W. A. M. Johnston, who presided at the organ, started playing Lohengrin's wedding march and as the strains of the music was wafted on the air the bridal party marched into the church the arrangements being carried out with an exactness that rendered harmony to the entire scene.

The altar at the church had been lined with palms, ferns and white flowers, forming a perfect embankment of beauty. The groom accompanied by Mr. R. P. Blake appeared at the side entrance to the church promptly as the organ began to peel forth the grand old march, and immediately the ushers took their positions and marched slowly down the center aisle. There were three ushers, Mr. Howard Isham, Mr. Chas. Pettit, of St. Paul and Mr. Eugene Whiteley, of this city, and they were attired in full dress for the occasion. They were followed by the bridesmaids, Miss Mary Yager, Miss Edith Isham and Miss Katherine Whiteley, who were attired in white organdie with pink sashes, carrying showers of sweet peas in their hands. They were followed by the maid of honor, Miss May Whiteley, who was attired in blue silk mull with white lace trimmings and she carried in her hand a bouquet of red roses.

Then came the bride leaning upon the arm of her father and she was beautifully attired. Her gown was of white silk grenadine over white mull, trimmed with lace and satin and she carried a beautiful cluster of white bridal roses.

They were met at the altar by the bridegroom and his best man, Mr. R. P. Blake, and the wedding ceremony was read by Rev. M. L. Hutten, during which Mrs. Johnston at the organ, played something soft and beautiful, and as the party dispersed some of Mendelssohn's grand music was exquisitely rendered.

The church was crowded, and the throng was a particularly fashionable one. After the wedding ceremony a reception was tendered at the home of the bride's parents, Mr. and Mrs. R. K. Whiteley, on Fourth street north. Here the happy couple received a large concourse of friends during the evening, and some choice delicacies were served in the interim. The home had been beautifully decorated with potted plants and flowers. The white flower predominated and gave cheer to everything about the place.

The wedding was one of the largest and most fashionable held in this city for a long time. Among the out of town guests were Mr. and Mrs. Eugene Whiteley, of Red Lake Falls; Mr. Chas. Pettit, Mr. R. P. Blake and Miss Mary Yager, of St. Paul.

The wedding presents, a long list covering various articles of value, are the finest ever displayed in this city, the choice selection of cut glass pieces being particularly beautiful.

Miss Whiteley, the bride, is the youngest daughter of Mr. and Mrs. R. K. Whiteley, of this city, and is very well known here. She has a large circle of friends in the city and is very popular with all.

Mr. Yager has the responsible position of supervisor of bridges and terminals for the Northern Pacific on the Minnesota division. He is well known in St. Paul railroad circles and is very popular.

Mr. and Mrs. Yager left on the midnight train for a brief visit, after which they will be at home at St. Paul to their many friends.

At the reception last night Mrs. R. K. Whiteley was assisted in receiving by Mrs. John Isham, Mrs. J. N. Nevers, Mrs. C. M. Patek and Mrs. Follett. The dining room was presided over by Mrs. Irma Hartley and Mrs. H. I. Cohen, assisted by the following young ladies: Miss Eloise Smith, Miss Vera Nevers, Miss Eda Mitchell and Miss Alberta Bean.

McMILLIN--CAROLAN.  
Last evening about 7 o'clock, Mr. J. Clarence McMullin and Mrs. Marie E. Carolan were united in marriage, Rev. Father Lynch officiating. The groom is a bookkeeper in the employ of Bonness & Howe, of this city, and is a nephew of C. W. McMullin, of Motley, well known in this city. The bride recently came to this city from Park Rapids and is an estimable lady. Mr. and Mrs. C. W. McMullin and daughter, of Motley, and a few intimate friends were present at the wedding. THE DISPATCH extends congratulations.

## MUSIC AND DRAMA.

### "DOWN MOBILE."

If Brainerd playgoers possess any particular appreciation of melodrama it will doubtless manifest itself in a crowded house at the Brainerd Opera House on Wednesday evening August 20, during the engagement of "Down Mobile", Lincoln J. Carter's thrilling drama of Southern life which opens at that play house for one night. In "Down Mobile", Mr. Carter, it is said, has told a story of strong heart interest, and as might be expected, has evolved many strange and original devices uncommon to plays of this class. He has interspersed numerous amusing episodes throughout the play, which brighten and enhance it to a marked degree. The production as now given is a very carefully considered one, much attention having been bestowed upon it from a scenic and artistic standpoint. Mr. Carter has also engaged a company that is conspicuous for its dramatic effectiveness, and has staged the piece with an elaborateness surprising even to those thoroughly familiar with stagecraft.

### "MC CARTHY'S MISHAPS."

The Musical Farce comedy, "McCarthy's Mishaps," which comes to the Brainerd Opera House Friday Aug 22 will introduce Miss Marguerite Ferguson, the most popular soubrette on the American stage. Although a comparatively young woman only 20 years of age, she has been the leading soubrette of all the best farce comedy productions of late years, having played the leading soubrette roles with Eddie Foy in "Off the Earth," Chas. H. Hoyt's own "Stranger in New York" Co., and starred in "McSorley's Twins" also with J. W. Rosequest's famous 14th street Theatre Company. It was during the run of this company at the 14th street Theatre, New York City, that the famous manager Geo. W. Lederer, of the New York Casino fame, engaged her to head the "Belle of New York" Co. on its European and Australian tour. During the past two seasons she has in conjunction with Mr. Rome, been one of the leading headline features in all the principal vaudeville theatres in the United States.

### ELLERY'S BAND.

With Ellery's Royal Italian Band, which is to pay this city another visit the latter part of September, is Signor Giovanni Setaro, the greatest of all Italian harpists. Setaro has been a harpist since he was six years of age, and has in that time made two complete circles of the globe, appearing before audiences in every large city of the civilized world. He has never before played in this city though there are those who have heard him before.

### Notice.

Sealed bids will be received by the undersigned until Saturday, Aug. 16th, for underpinning school house in district No. 28 with brick. Size of building 20x26. Wall 12 inches high.

58-w1 J. J. STEARNS, Clerk.

## ON THE DIAMOND.

Ashland's base ball team will reach Brainerd Saturday night and the locals will play them on Sunday afternoon for the first time. The Ashland team is a strong one and they will doubtless put up a great game of ball. The base ball fans will turn out en masse and make the day a crowning event in the base ball season. The following will be the lineup of the Ashland team: Gardner, c; Ware, 1b; Walters 2b; Olmstead, 3b; Gruebner, ss; Erickson, lf; Witkon, cf; Leonard, rf; and Reveyer and Dodge, pitchers.

of the Northern Pacific which, in its two seasons of service has justly obtained the reputation of being the "Crack Train of the Northwest," was again placed in commission May 4, 1902.

This train replaced trains 11 and 12 and the twice-a-day through train services is maintained as heretofore.

The "Limited" runs between St. Paul and Portland, via Butte, Spokane, Seattle and Tacoma as in previous years, and is electric lighted, steam heated and vestibuled.

New, modernized Pullmans, the most advanced type of Tourist Sleeping Cars, new Northern Pacific Railway Dining Cars, the usual fine equipment of regular Day Coaches, etc., and crowning all, the superb Observation cars of the Northern Pacific Railway at the rear of these trains, all together form a train unexcelled anywhere. It is worth something to see the Northwest on a train like this. Passengers having paid for first-class Pullman berths have the privilege of the Observation car and its fine library and reading room Free, others holding first-class tickets pay a small fee for the privilege.

"MC CARTHY'S MISHAPS."

The Musical Farce comedy, "McCarthy's Mishaps," which comes to the Brainerd Opera House Friday Aug 22 will introduce Miss Marguerite Ferguson, the most popular soubrette on the American stage. Although a comparatively young woman only 20 years of age, she has been the leading soubrette of all the best farce comedy productions of late years, having played the leading soubrette roles with Eddie Foy in "Off the Earth," Chas. H. Hoyt's own "Stranger in New York" Co., and starred in "McSorley's Twins," also with J. W. Rosequest's famous 14th street Theatre Company. It was during the run of this company at the 14th street Theatre, New York City, that the famous manager Geo. W. Lederer, of the New York Casino fame, engaged her to head the "Belle of New York" Co. on its European and Australian tour. During the past two seasons she has in conjunction with Mr. Rome, been one of the leading headline features in all the principal vaudeville theatres in the United States.

ELLERY'S BAND.

With Ellery's Royal Italian Band, which is to pay this city another visit the latter part of September, is Signor Giovanni Setaro, the greatest of all Italian harpists. Setaro has been a harpist since he was six years of age, and has in that time made two complete circles of the globe, appearing before audiences in every large city of the civilized world. He has never before played in this city though there are those who have heard him before.

Notice.

Sealed bids will be received by the undersigned until Saturday, Aug. 16th, for underpinning school house in district No. 28 with brick. Size of building 20x26. Wall 12 inches high.

**"NORTH COAST LIMITED"**

of the Northern Pacific which, in its two seasons of service has justly obtained the reputation of being the "Crack Train of the Northwest," was again placed in commission May 4, 1902.

This train replaced trains 11 and 12 and the twice-a-day through train services is maintained as heretofore.

The "Limited" runs between St. Paul and Portland, via Butte, Spokane, Seattle and Tacoma as in previous years, and is electric lighted, steam heated and vestibuled.

New, modernized Pullmans, the most advanced type of Tourist Sleeping Cars, new Northern Pacific Railway Dining Cars, the usual fine equipment of regular Day Coaches, etc., and crowning all, the superb Observation cars of the Northern Pacific Railway at the rear of these trains, all together form a train unexcelled anywhere. It is worth something to see the Northwest on a train like this. Passengers having paid for first-class Pullman berths have the privilege of the Observation car and its fine library and reading room Free, others holding first-class tickets pay a small fee for the privilege.

This train carries the east-bound Yellowstone Park travel and the Park Pullman during the Park season, May 30 to September 15th.

## CANADA TO THE CAPE

ENGLAND AND THE DOMINION  
WILL SUBSIDIZE A NEW  
STEAMSHIP LINE.

### SCHEME BY CHAMBERLAIN

Establishment of the Service Is the First Portion of the Great Plan Elaborated by the Colonial Secretary to Make the British Empire Independent of American and Foreign Food Supplies.

London, Aug. 15.—The Daily Express asserts that Canada will subsidize to the extent of \$150,000 and Great Britain to the extent of \$75,000 a year to the new line of steamships to be established between Canada and South Africa, which is the first portion of the great plan elaborated by Colonial Secretary Chamberlain to make the British empire independent of American and foreign supplies of food, etc.

Lord Strathecona and Mount Royal, Canadian high commissioner in London, and Sir Wilfred Laurier, the Canadian premier, assisted in arranging Mr. Chamberlain's plan, which has the sympathy of King Edward and the Prince of Wales.

The Canadian Pacific railway has thrown in its lot with the shipping lines concerned in the amalgamation, the paper concludes, and the same combination is arranging for a fast steamship service between Canada and Great Britain.

### WILL BEGIN IN OCTOBER.

Canadian Cabinet Approves Plan of South African Steamship Line.

Ottawa, Ont., Aug. 15.—A meeting of the cabinet was held during the day and an order was passed approving of the arrangement, through the Canadian ministers in London, for steamship service between Canada and South Africa. Service will begin in October and steamers will sail from Montreal and Quebec in summer and Halifax and St. John in winter. In South Africa steamers will call at Cape Town and probably Durban and another port.

### TRAGEDY IN HIGH LIFE.

Wealthy Young Cuban Kills a Tampa Man and Wounds His Wife.

Tampa, Fla., Aug. 15.—At the home of Charles J. Allen on Seventh avenue, Tampa heights, the most fashionable residence section of this city, Mr. Allen was killed and his wife was fatally shot by Manuel Chaves, one of the wealthiest and most prominent young members of the Cuban colony here. Many conflicting accounts of the tragedy were current, but the one generally believed is that Allen returned home unexpectedly and found Chaves in his house and that he assaulted the Cuban, striking him a terrific blow in the mouth. Chaves then drew a pistol and began to fire. One bullet struck Allen in the left side, another in the mouth and the third in the abdomen, after passing through the body of Mrs. Allen, who had rushed between the men in an effort to separate them. The shooting of Mrs. Allen is believed to have been entirely unintentional.

Immediately after the shooting Chaves rushed from the house and disappeared in his buggy that was standing at the back gate. He subsequently surrendered to the sheriff.

### TERRIBLE STORY COMING

Bartholin-Mitchell Murder Suspect Will Probably Confess All.

Chicago, Aug. 14.—Becoming desperate while being subjected to a vigorous examination by Inspector Hunt, Oscar Thompson, who is detained pending investigation of the Bartholin-Mitchell murders, confessed to everything that the police have been trying to make him tell. When he had finished Thompson laughed derisively and said: "Inspector, that story is a lie. You wanted me to tell you all these things. I have admitted all, but I must confess that it is all a lie."

Inspector Hunt, who has been laboring with Thompson for days, thought for a moment that the solution of the mystery was pouring from Thompson's lips, but the next moment he realized that Thompson was endeavoring to perpetrate a joke.

The bogus confession came just at the very moment when a confession was expected, and Inspector Hunt was greatly disappointed. After Thompson was returned to his cell Inspector Hunt said: "I believe that strange confession is Thompson's last card, and that he will tell a terrible story before long."

### TWO DEATHS MAY RESULT.

Desperate Shooting Affray in Scott County, Tenn.

Knoxville, Tenn., Aug. 15.—Authentic details have been received of a desperate affray in which three young men and a woman, all of them prominent in Scott county, were involved and which resulted in the death of one and the possible death of another.

For some time past Whig Duncan, a nephew of Rev. Whig Duncan, a Baptist minister, had been suspected of being too attentive to the wife of Jarratt Trammell. Trammell and his brother, Mart Trammell, returned to the former's home somewhat unexpected and upon attempting to enter Mrs. Trammell's room were met with a revolver fire from both a woman and a man. The woman was the wife of Jarratt Trammell and the man was Whig Duncan. Jr. Jarratt and Mart Trammell fell to the floor, the former dead and the latter mortally wounded.

Mrs. Jarratt Trammell and Whig Duncan, Jr., escaped into Kentucky.

### SUED FOR BLACKLISTING.

Iowa Brick and Tile Company Asked to Put Up \$36,000.

Fort Dodge, Ia., Aug. 15.—Twelve workmen, who have been in the employ of the Lehigh Brick and Tile company have filed suit against W. C. Beem and the company for blacklisting. The suit promises to be one of unusual interest, as it is the first of the kind which has ever been filed in Iowa. The claims aggregate \$36,000, as each plaintiff sues for \$1,000 actual damages, and treble damages as well, under sections 5927 and 5928 of the code of Iowa.

The difficulty grew out of a dispute over the employment of nonunion engineers at the brick works. The works were shut down six months ago. The plaintiffs in the case claim that they have tried to secure employment at other brick plants at Lehigh, and have been turned down. They also claim that Beem has boasted that he would keep them out of work.

### AT WASHINGTON NEXT YEAR.

International Typographical Union Chooses Convention City.

Cincinnati, Aug. 15.—The International Typographical union in its annual convention took important action regarding the interchange of type matrices and engravings between offices, also regarding the jurisdiction of the union in connection with the American Federation of Labor and on the regulation of "regulars" and "substitutes" and other practices in composing rooms.

There was a close contest between Washington and Newark for the next convention. The former city won because it was thought that more could be done for favorable legislation by meeting at the national capital than at any other place.

President Lynch announced that night sessions would be held hereafter in order to complete the business of the convention this week.

### MRS. DEACON DENIES.

Her Daughter and German Prince Are Not Betrothed.

Paris, Aug. 15.—The Matin, which has been publishing the story of an alleged secret betrothal between Crown Prince Frederick William of Germany and Miss Gladys Deacon, daughter of Mrs. Edward Parker Deacon, has ceased publication of the story in consequence of a letter from Mrs. Deacon, as follows:

"I have read with the most profound sadness the Matin's articles. I know better than anyone the real character of the very brief relations during that meeting of forty-eight hours at Blenheim, the home of the Duke and Duchess of Marlborough, brought about between the crown prince and my daughter, who are both children. It required considerable imagination to transform the matter into a state affair."

### Funston Again on Duty.

Denver, Aug. 15.—General Funston was in his office in army headquarters during the day for the first time in more than a week. There have been two operations on his hip for an abscess caused by a bullet wound received in Cuba, but he believes that he is now permanently relieved.

**CANADA TO THE CAPE**  
ENGLAND AND THE DOMINION  
WILL SUBSIDIZE A NEW  
STEAMSHIP LINE.  
SCHEME BY CHAMBERLAIN

Establishment of the Service is the First Portion of the Great Plan Elaborated by the Colonial Secretary to Make the British Empire Independent of American and Foreign Food Supplies.

London, Aug. 15.—The Daily Express asserts that Canada will subsidize to the extent of \$150,000 and Great Britain to the extent of \$75,000 a year to the new line of steamships to be established between Canada and South Africa, which is the first portion of the great plan elaborated by Colonial Secretary Chamberlain to make the British empire independent of American and foreign supplies of food, etc.

Lord Strathecona and Mount Royal, Canadian high commissioner in London, and Sir Wilfred Laurier, the Canadian premier, assisted in arranging Mr. Chamberlain's plan, which has the sympathy of King Edward and the Prince of Wales.  
The Canadian Pacific railway has thrown in its lot with the shipping lines concerned in the amalgamation, the paper concludes, and the same combination is arranging for a fast steamship service between Canada and Great Britain.

**WILL BEGIN IN OCTOBER.**

Canadian Cabinet Approves Plan of South African Steamship Line.  
Ottawa, Ont., Aug. 15.—A meeting of the cabinet was held during the day and an order was passed approving of the arrangement, through the Canadian ministers in London, for steamship service between Canada and South Africa. Service will begin in October and steamers will sail from Montreal and Quebec in summer and Halifax and St. John in winter. In South Africa steamers will call at Cape Town and probably Durban and another port.

**TRAGEDY IN HIGH LIFE.**

Wealthy Young Cuban Kills a Tampa Man and Wounds His Wife.

Tampa, Fla., Aug. 15.—At the home of Charles J. Allen on Seventh avenue, Tampa heights, the most fashionable residence section of this city, Mr. Allen was killed and his wife was fatally shot by Manuel Chaves, one of the wealthiest and most prominent young members of the Cuban colony here. Many conflicting accounts of the tragedy were current, but the one generally believed is that Allen returned home unexpectedly and found Chaves in his house and that he assaulted the Cuban, striking him a terrific blow in the mouth. Chaves then drew a pistol and began to fire. One bullet struck Allen in the left side, another in the mouth and the third in the abdomen, after passing through the body of Mrs. Allen, who had rushed between the men in an effort to separate them. The shooting of Mrs. Allen is believed to have been entirely unintentional.  
Immediately after the shooting Chaves rushed from the house and disappeared in his buggy that was standing at the back gate. He subsequently surrendered to the sheriff.

**TERRIBLE STORY COMING.**

Bartholin-Mitchell Murder Suspect Will Probably Confess All.

Chicago, Aug. 14.—Becoming desperate while being subjected to a vigorous examination by Inspector Hunt, Oscar Thompson, who is detained pending investigation of the Bartholin-Mitchell murders, confessed to everything that the police have been trying to make him tell. When he had finished Thompson laughed derisively and said: "Inspector, that story is a lie. You wanted me to tell you all these things. I have admitted all, but I must confess that it is all a lie."  
Inspector Hunt, who has been laboring with Thompson for days, thought for a moment that the solution of the mystery was pouring from Thompson's lips, but the next moment he realized that Thompson was endeavoring to perpetrate a joke.  
The bogus confession came just at the very moment when a confession was expected, and Inspector Hunt was greatly disappointed. After Thompson was returned to his cell Inspector Hunt said: "I believe that strange confession is Thompson's last card, and that he will tell a terrible story before long."

**TWO DEATHS MAY RESULT.**

Desperate Shooting Affray in Scott County, Tenn.

Knoxville, Tenn., Aug. 15.—Authentic details have been received of a desperate affray in which three young men and a woman, all of them prominent in Scott county, were involved and which resulted in the death of one and the possible death of another.  
For some time past Whig Duncan, a nephew of Rev. Whig Duncan, a Baptist minister, had been suspected of being too attentive to the wife of Jarratt Trammell. Trammell and his brother, Mart Trammell, returned to the former's home somewhat unexpected and upon attempting to enter Mrs. Trammell's room were met with a revolver fire from both a woman and a man. The woman was the wife of Jarratt Trammell and the man was Whig Duncan, Jr. Jarratt and Mart Trammell fell to the floor, the former dead and the latter mortally wounded.  
Mrs. Jarratt Trammell and Whig Duncan, Jr., escaped into Kentucky.

**SUED FOR BLACKLISTING.**

Iowa Brick and Tile Company Asked to Put Up \$36,000.

Fort Dodge, Ia., Aug. 15.—Twelve workmen, who have been in the employ of the Lehigh Brick and Tile company have filed suit against W. C. Beem and the company for blacklisting. The suit promises to be one of unusual interest, as it is the first of the kind which has ever been filed in Iowa. The claims aggregate \$36,000, as each plaintiff sues for \$1,000 actual damages, and treble damages as well, under sections 5027 and 5028 of the code of Iowa.  
The difficulty grew out of a dispute over the employment of nonunion engineers at the brick works. The works were shut down six months ago. The plaintiffs in the case claim that they have tried to secure employment at other brick plants at Lehigh, and have been turned down. They also claim that Beem has boasted that he would keep them out of work.

**AT WASHINGTON NEXT YEAR.**

International Typographical Union Chooses Convention City.

Cincinnati, Aug. 15.—The International Typographical union in its annual convention took important action regarding the interchange of type matrices and engravings between offices, also regarding the jurisdiction of the union in connection with the American Federation of Labor and the regulation of "regulars" and "substitutes" and other practices in composing rooms.

There was a close contest between Washington and Newark for the next convention. The former city won because it was thought that more could be done for favorable legislation by meeting at the national capital than at any other place.

President Lynch announced that night sessions would be held hereafter in order to complete the business of the convention this week.

**MRS. DEACON DENIES.**

Her Daughter and German Prince Are Not Betrothed.

Paris, Aug. 15.—The Matin, which has been publishing the story of an alleged secret betrothal between Crown Prince Frederick William of Germany and Miss Gladys Deacon, daughter of Mrs. Edward Parker Deacon, has ceased publication of the story in consequence of a letter from Mrs. Deacon, as follows:  
"I have read with the most profound sadness the Matin's articles. I know better than anyone the real character of the very brief relations during that meeting of forty-eight hours at Blenheim, the home of the Duke and Duchess of Marlborough, brought about between the crown prince and my daughter, who are both children. It required considerable imagination to transform the matter into a state affair."

**Funston Again on Duty.**

Denver, Aug. 15.—General Funston was in his office in army headquarters during the day for the first time in more than a week. There have been two operations on his hip for an abscess caused by a bullet wound received in Cuba, but he believes that he is now permanently relieved.
